

OFFSHORE MOTION Solutions

Protos offers a variety of solutions through our distinguished principals.

PRINCIPALS:

- [CSD](#)
- [Diakont](#)
- [DSTI](#)
- [ELNOR](#)
- [First Subsea](#)
- [Hohner Oil & Gas](#)
- [Indelac](#)
- [Jewell Instruments](#)
- [Kytronics](#)
- [Martec](#)
- [Meridian](#)
- [Performance Controls](#)
- [Pyropress](#)
- [Rig Control Products](#)
- [Scott Rotary Seals](#)
- [Sensy](#)
- [TLX Technologies](#)

APPLICATIONS:

- Downhole
- Offshore Motion
- Offshore Sensing
- Topside Motion
- Topside Sensing

Dynamic Sealing Technologies, Inc.

www.dsti.com

Offshore swivels are designed, manufactured and qualified to API 17D, 6A and Petrobras requirements for applications including christmas (X-mas) tree connections, production manifold connections, free standing hybrid risers (FSHR), in-line T connections, pipeline end termination (PLET) connections, and pipeline end manifold (PLEM) connections.

PRODUCTION & SUBSEA SWIVELS

TLX Technologies, LLC

www.tlxtech.com

Custom linear and rotary solenoids, solenoid valve, and check & relief valves manufactured for demanding applications including customized configurations for high temperature, pressure, shock, and exotic fluids.

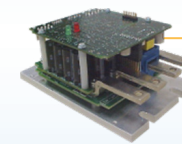

SOLENOIDS & SOLENOID VALVES

Performance Controls, Inc.

www.pcipa.com

Motor drives designed specifically for untethered vehicles. Up to 100A continuous current, and up to 48 VDC output. Each drive capable of operating in a master/slave mode, making all units interchangeable, with custom packaging available.

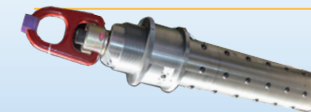

BATTERY POWERED MOTOR DRIVE

First Subsea Ltd.

www.firstsubsea.com

Ballgrab® Ball & Taper Connectors for subsea applications such as Riser Handling, Offshore Mooring, Bend Stiffening, Pipeline Recovery, Heavy Lift, and Tendon Attachment.

BALLGRAB® BALL & TAPER

Rig Control Products Ltd.

www.rcpat.com

Control systems for Blow Out Protection, Diverters and Hydraulic Power Units for Offshore applications with Siemens PLC technology and ATEX certification.

BOP & DIVERTER CONTROLS AND HPUs

Diakont

www.diakont.com

Electric servo actuators that marry industry-leading quality, accuracy, and reliability with best-in-class lifetime service.

CUSTOM ELECTROMECHANICAL SOLUTIONS
