

Representing leading manufacturers from across the globe for more than 25 years!

DYNAMIC SEALING TECHNOLOGIES, INC.

Rotary unions, single- and multi-passage rotary manifolds, swivels, fiber optic joints, value-added manufacturing. Located in Minneapolis, MN

MOOG, INC.

Hazardous and safe area motion solutions using hydraulic, electric and hybrid technologies. Includes valves, motors, servoactuators and electronics for Topside, Downhole, Subsea and Offshore applications. Located in Buffalo, NY

HOHNER AUTOMATION

Hazardous area encoders, rig instrumentation, ATEX, IECEx, CSA, EAC. Located in Ontario, Canada

SENSY S.A.

Load cells/pins, tensiometers, force and torque transducers. Located in Jumet, Belgium

RAM COMPANY

Linear & rotary solenoids, solenoid valves, check & relief valves, manifolds. Located in St. George, UT

CUSTOM SENSOR DESIGN, INC.

High pressure/high temperature pressure transducers, custom sensors. Located in Lynnwood, WA

ELNOR MOTORS

Explosion-proof custom electric motors, ATEX, IECEx, Inmetro, UL certifications. Located in Haacht, Belgium
